

# honoring our heritage

*"I have a goodly heritage." Psalm 16:6*

Heritage can be defined as characteristics passed down from generation to generation. We wish for our students to develop a love for God and walk with God, as well as instill a genuine care for others. Both the wisdom that comes only by experience and loving compassion displayed by grandparents serve as valuable examples to their grandchildren. We invite all grandparents of our students to join us on our special Grandparents Day as we honor them through a unique program and the opportunity to spend time with their grandchildren.

## **10:00 | Honoring Granparents**

Students in preschool through sixth grade take part in a program honoring their grandparents. This program will also be livestreamed on our website for those who may not be able to attend.

## **10:45 | Classroom Visits**

Grandparents will have the opportunity to visit their student's classrooms.

## **11:15 | Lunch**

Grandparents given prior permission can take their student(s) out to lunch and spend time with them for the remainder of the day.
